

## 2007 Network Gatherings

### **Area Meetings**

Area meetings provide opportunities for interaction and fellowship for those interested in reaching, discipling and ministering to military as they transition and are stationed around the world. These gatherings are for pastors, staff and lay leaders, chaplains, and para-church ministry leaders – for all who share a common commitment to the Great Commission and a mutual love for those in the military!

The meetings usually involve a Dutch treat lunch at a centrally located area restaurant. Meetings normally last 1½ hours. For information about particular future area meetings please contact the MMN or the respective POC listed.
